

### **Media Advisory**

Boca Raton Police investigators have conducted an exhaustive search for video associated with the Bochicchio investigation. Based on our ongoing review of hundreds of hours of footage, we are releasing two additional segments at this time.

The first video depicts Nancy and Joey walking through the mall and was recorded from a vantage point inside the Sony store.

The second video shows Nancy Bochicchio's SUV approaching and departing from a bank ATM. At the outset of the investigation, detectives were quickly able to identify witnesses in the area of the ATM and have already obtained statements.

There is no additional video currently available which would portray subjects or vehicles of interest. The videos and sketch provided to us yesterday by America's Most Wanted will soon be added to our MySpace website at [www.myspace.com/brpsd](http://www.myspace.com/brpsd). Anyone having information about the incidents highlighted on the MySpace site are asked to call Boca Raton Police at 561-338-1352 or Crime Stoppers at 800-458-8477. Callers may remain anonymous.

Note: Investigative Services Captain Matthew Duggan will be available for individual interviews regarding the video release at 10:30 a.m. this morning at 6500 Congress Avenue, Boca Raton. Anyone interested in speaking with Captain Duggan should contact PIO Sandra Boonenberg. She will have copies of the video for media outlets.
